

FABIO MORAES

Quartet

Flamenco Guitarist and Composer

The Project

Fabio Moraes presents its first authorial album (CD) of acoustic guitar compositions based on Flamenco music style. Evocación album, produced between Spain and Brazil in 2013, is a music album composed for “Guitarra Flamenca” the famous spanish guitar, mixed to arrangements for Oboe, Cello and percussion, creating a interesting sound of modern Flamenco guitar, its percussion and the classical music counterpoint.

Flamenco, Instrumental and Classical

There are no frontiers for the Music and this project shows that is possible to transcend the territorial barrier. It is possible to transpose music style's borders mixing Flamenco to neo-classical arrangements made by Brazilian musicians.
